

DISTRICT BOUNDARY MAP

The following map will help families determine if their student falls within the CUSD District Boundary Lines. Students who fall within the lines have the opportunity to attend the Coolidge High School, Coolidge Junior High School, Coolidge Alternative Program, or the Coolidge Virtual Academy.

The physical home address of an elementary student will determine which school they will attend – between West Elementary (highlighted in RED) and Heartland Ranch Elementary (highlighted in BLUE).

If you need extra assistance finding out if your student falls within the CUSD Boundaries or which elementary they should attend, give a call to the District Office at (520) 723-2040.
