Background

In 1977, the State Legislature passed a bill that allows a household to deduct fees paid to schools for extracurricular activities.

Specifically, this Bill:

- Allows up to a \$200 state tax credit for a single taxpayer or head of household. Any amount up to \$200 qualifies.
- Allows up to a \$400 state tax credit for married/joint taxpayers. If married taxpayers file separate returns, each spouse may claim 1/2 of the credit.
- Allows a credit against the liability (amount owed) not a deduction to the income.
- Credits are only available to individual taxpayers. Trusts, Partnerships and Corporations are ineligible.
- Requires the funds are used toward extracurricular activities. Funds can be used for payment of testing fees. Criteria includes:
 - Activity is school sponsored
 - Activity is for enrolled students
 - Activity is educational
 - Activity is optional
 - Activity is not eligible for course credit
